Your Place to Eat, Drink, Gather, & Socialize

Every visit to Crafthouse is an opportunity to enjoy local flavors.

Most of our food, produce, and craft beer are locally sourced, and our bread is freshly baked daily by a local bakery.

Crafthouse has 50 craft beers on tap and over 150 craft beer & ciders in bottles and cans in the cooler along with a menu of tasty craft fare. We offer a great selection of local spirits, wines, scotches, whiskey, and bourbon, along with regional options. Our craft beer selection features the best brews from both local and global breweries. Whether you're a new beer lover, or a beer, bourbon or wine connoisseur, our friendly and knowledgeable staff is here to guide you through every selection.
